LOCAL NOTES.

No EPITAPH to-morrow.

The demand for turkeys is much greater than the supply.

Midnight mass was celebrated at the Catholic church last night.

There will be services at the Episcopal church this morning at 10 o'clock. Nearly \$400 have been put up by the

principals in the Græco-Roman wrestling match this evening.

Considerable money has been staked on the result of the wrestling match at Schieffelin hall to-night.

Quite a large congregation were in attendance at the services held at the Catholic church last night.

We are pleased to note the arrival in the city of Mr. L. W. Blinn, who has been absent for some weeks.

The condition of Mr. MacNeil, who has been reported as in a precarious condition, is much better, and the prospects are favorable to his recovery.

John Crowley the efficient Wilcox deputy sheriff arrived in town last evening. Mr. Crowley is circulating the petition calling upon the governor for an extra session of the Legislature, in his vicinity. He reports that all the voters in his section are signing it.

Miss Minnie Wallace, who has been teaching the Tres Alamos school the past year, returned home last evening. Miss Wallace has shown herself to be a teacher of no mean degree during her occupancy of that school.

A tradition has long prevailed that the waters of Lake Tahoe, California, would not sustain a human body and that many daring swimmers had perished by venturing into its treacherous depths. fessor Le Conte and the young men of his scientific expedition have exploded this delusion by swimming in the lake.

The Suez Canal is ninety-two miles long and twenty-six feet deep, the construction having covered a period of thirteen years and the capital employed amounted to \$85,000,000 in round numbers. Of the tonnage between the East and west, the proportions are 104 voyages by the canal and sixty by the Cape of Good Hope.

No where in Tombstone was the advent of the world's festival welcomed in more cordial style than at the Arcade. The Cornish boys were there, and the sich melody of the voices attracted a targe crowd of lovers of music. They were all in fine voices, and the vocalisms of Tombstone's favorite quartet were freely rendered until the small hours of the morning.

The EPITAPH publishes on the second page the proclamation of Governor Zulick, counseling the people of Arizona to forbearance, and expressing the conviction that the general government is amply able to cope with and ultimately subdue the wily Apache. The governor appears to be sincere in his belief that an uprising of the citizens of the southwest is imminent, and that the indiscriminate slaughter of the redskins is contemtemplated. We assure our distinguished sergitorial chief that no such views are entertained by the good people of Cochise county.

A bold attempt to escape was made by several convicts at the Yuma penitentiary on Friday last. Some three or four prisoners were at work on a hill near the prison, when a Mexican, a 10-year man, in for shooting at the chief of police of Tucson, suddenly seized a stone and struck the guard in the face. The weapons carried by the guard were immediately appropriated by the desperate men and a volley fired at the watch in the towers, after which they took to their heels. A gattling gun was trained on the fleeing men and the first shot disabled one of the number. The others escaped and are still at large.

Three Men Wounded Near Duncan N. M.

The Town in Arms and the Stang in Pursuit.

[Special Dispatch to the Epitaph.]

LORDSBURG, N. M., Dec. 24.-The Indians wounded three men to-day near Duncan. One of the injured men will probably die. The Duncan rangers composed of the best men in the community, are now on their trail and will follow them until they are overtaken, which will probably be to-morrow.

> LIEUTENANT FISHER. ANOTHER ACCOUNT.

LORDSBURG, N. M., Dec. 24.fight occurred near Duncan to-day, between a party of men and quite a large body of Indians. The attack was made from an ambuscade of rocks and but little time was afforded the whites to defend themselves. Several volleys were fired by the Indians, resulting in the wounding of three of the whites. On account of the lateness of the hour and the excitement occasioned by the unexpected assault of the Indians in such close proximity to the settlement, the names of the injured men could not be ascertained. One of the men will probably die. Intense excitement prevails and the disposition of the people is for pursuit and utter annihilation of the murderous gang. The rangers were notified and are now on the trail with a strong probability of overtaking the band before to-morrow.

School Exercises.

The various exercises at the school house yesterday were of a very interesting character. The Tombstone schools. under the present excellent management, are deserving of greater attention from our citizens. A reporter of the EPITAPH was present yesterday, and was both surprised and pleased to observe the marvelous progress made in our public school during the past year-especially pleased to witness the wonderful results effected by kindness and good manage ment. If this school is not the largest in point of numbers, the EPITAPH is thoroughly convinced that it has no superior in the territory as an institute of ment. learning. Miss Herring has an adaptability for the position of principal in a marked degree, and the government and control of the school under her supervision is up to the highest standard. Miss Herring's experience in the graded schools of New York have admirably fitted her for the laborious and responsible position she now occupies in Tombstone, Miss Hart, Miss Ellison, Miss Haines. Mrs. Shaw and Miss Powell are a very competent corps of teachers, and to their intelligent and able efforts and scholars is largely due the phenomenal success and proficiency attained by the school. In conclusion, the EPITAPH would suggest to the parents of our scholars the advisability of visiting more frequently our city schools, as their presence tends to encourage the children and

incites them to be more studious. Perfect Pupile.

Dedicated to the Hugwamps. The following contribution to the columns of the New York Graphic is from the pen of our esteemed townsman, Rev. J. H. Young. The Graphic says: "Obviously Rector Young draws a sharp line between mugwumps and genuine independents. His muse may be a little rugged and sardonic in tone, but nuisances are more effectively abated with carbolic acid than with rosewater."

Oh, all ye sad mugwumps, come, listen to me, While I sing of our national pet— A Sheriff. a Mayor, a Governor he, And he'll make a good President yet.

The EPITAPH lives in the hope that before another Christmas rolls around, the Apaches will be removed from our borders and peace and prosperity will come to our people.

A party of Boston capitalists are en route to Arizona, for the purpose of purchasing the ranch and stock of H. C. Hooker. The agent informed an EPI-TAPH reporter that if they failed to make the purchase of Mr. H., some other portion of the Sulphur Spring valley would probably be selected. The desire of the company is to secure a track of land, on which a large number of imported cattle will be placed in the near future. The EPITAPH will welcome the gentlemen to Cochise county, and trusts that a suitable locality may be obtained for the purposes desired.
